

## WHO WE ARE

Landmark Pet Cremation was created in 2017 by a group of Veterinarians in Alabama that saw a dire need for more compassionate and coordinated care for families who have experienced a loss of a pet. Faster turnaround, integrity during the process, and compassionate care are all key components of what we believe in.

### Landmark Pet Cremation, LLC

Our services are centered around providing support to veterinary hospitals and pet owners in the Central Alabama area. We encourage pet owners to utilize their existing veterinarian's offices to coordinate this final care, but we do provide service to the general public. We strive to provide integrity and compassionate care to our clients during the loss of their beloved pet.

We believe every pet owner who experiences a loss should take comfort in knowing that their pet was individually cremated by a veterinary professional and their own pet's ashes returned as requested.

We do our very best to have pets cremated and returned within 72 hours of pickup.

Based on the circumstances, emergency/expedited cremation services may be coordinated based on location and availability of staff to facilitate.

Call or text us at 334.777.1680 for details or to coordinate care.

Landmark Pet Cremation, LLC is owned and operated by veterinarians, and is the only local crematorium in the River Region that specializes in animal cremation. Our veterinarians are involved in every aspect of the care of your family pet after their death. They pride themselves on honesty and integrity for their business, and treating you and your pet with dignity and respect.
